A List of Positive Attitudes

- It is looking adversity in the eye.. and laughing.
- Getting what you get, and not pitching a fit.
- Enjoying the unexpected, even when it's not what you wanted originally.
- Motivating those around you with a positive word.
- Using the power of a smile to reverse the tone of a situation.
- Being friendly to those you don't know.
- It's getting back up when you fall down. (No matter how many times you fall down.)
- Being a source of energy that lifts those around you.
- Understanding that relationships are more important than material things.
- Being happy even when you have little.
- Having a good time even when you are losing.
- Being happy for someone else's success.
- Having a positive future vision, no matter how bad your current circumstances.
- Smiling.
- Paying a compliment, even to a total stranger.
- Tell someone you know that they did a great job. (And mean it.)
- Making someone's day. (Not just a child's ...adults like to have their day be special too!)
- It's not complaining no matter how unfair things appear to be. (It's a waste of time... instead, do something!)
- Not letting other people's negativity bring you down.
- Giving more than you expect to get in return.
- Being true to yourself... always

Prayer for Exams

Dear Lord, as I approach these exams,
I thank you that my value is not based on my
performance, but on your great love for me.
Come into my heart so that we can walk
through this time together.
Help me, not only with this test,
but the many tests of life
that are sure to come my way.
As I take these exams,
bring back to my mind everything I studied
and be gracious with what I have overlooked.
Help me to remain focussed and calm,
confident in the facts and in my ability,
and firm in the knowledge
that no matter what happens
you are there with me. Amen.
