Five Finger Prayer

This method of prayer championed by Pope Francis, has been widely adopted in classrooms and parishes across the globe, and has resonated particularly with children and young people.

The Thumb - The closest finger to you reminds you to pray for those who are closest to us, like our family and friends.

The Index Finger - The pointing finger reminds you to pray for wisdom and support for those who teach us and show us the way.

The Middle Finger - The tallest finger reminds you to pray for guidance for our leaders and those in positions of authority.

The Ring Finger - Our weakest finger, reminds you to pray for the weakest in society, like those who are sick, poor or having problems.

The Little Finger - The smallest finger reminds you to pray for yourself. When you have prayed for the other four groups, you will be able to see your own needs, but from the proper perspective.

(from *Pope Francis Selected Prayers, Veritas 2017*)

Prayer is not a spare wheel to pull out when in trouble, but a steering wheel to keep us on the road.
